SUBJECT: Sugar Tariff Quota -- Barbados; St. Kitts and Nevis

REF: STATE 12843

¶1. Post officials have contacted the Government of Barbados regarding Barbados' sugar TRQ; however, the GoB has been unresponsive, and is expected to remain so. Last year the GoB used approximately 150 metric tons of its sugar quota - the bulk of its sugar exports went to the United Kingdom.

¶2. Please see the attached diplomatic note from the Ministry of Foreign Affairs in St. Kitts and Nevis, which indicates the Government of St. Kitts and Nevis no longer produces sugar.
